As per the National Motor Freight Classification 100-AA, Uniform Bill of Lading Terms and Conditions, Sec 7(c), "If the description of articles or other information on the Bill of Lading is found to be incorrect or incomplete, the freight charges must be paid based upon the articles actually shipped." As a result, the accuracy of the Freightcom quote will depend on the information provided by the customer at the time of creating the Bill of Lading. This quote will be the basis for the initial invoice. All quotes are subject to change based on actual differences to weight, piece/pallet count, re-classification, shipping dimensions, commodity descriptions, address changes and all other charges that occur during transportation (re-delivery, appointment request, storage etc.). Further invoices will follow after the initial invoice to reflect any additional charges. Both the original and additional charges, if any, are due in full. By filling out the above form, Freightcom Inc. has permission to charge the credit card provided for all Freight charges and any additional charges if any. By signing above, you agree to these terms.
